MEMORANDUM

To: All residents of Big Six Towers
From: Maria Platis, General Manager 
Date: August 6, 2022
Re: Power Outage of August 6, 2022

As you are aware, Big Six Towers suffered a power outage late this afternoon. The outage that occurred stems from a different reason than the one that occurred last month. Namely, our main engine that holds the bulk of the load to power the coop is not operating.

The staff was able to get the power back up, but the problem hasn't resolved. A technician is on the way and we will be working overnight to correct this.

In an effort to conserve energy, we are shutting down one elevator in each building (the B car that goes to the basement). In addition, laundry rooms will remain closed through at least 3:00 P.M. tomorrow. We hope that by that time, we will have the engine back online and will advise all shareholders accordingly.

We ask that you please conserve energy through the current heat wave. We apologize for the inconvenience this may cause and appreciate your cooperation.

In case of an emergency, please contact Public Safety at: (718) 335-8715.

Thank you!
